

Mining

The Mining News in and Around Earlington

Lee Favors, late of Fox Run mine, came over last week to call on Manager F. D. Rash, and from information gathered there is a strong probability that Lee may again become a citizen of Earlington and go to work in the mines here. He has the reputation of being a first class miner and just such men are always in demand, and a place ready for them.

A thorough test was given the new coal crusher the past week with the result that it has proven to be all that the manufacturers claimed for it, first class in all respects, and the only drawback at present seems to be that the steam power to run it is not sufficient, but as the chief machinist, D. W. Umstead, has charge of that part of the work, he contemplates the purchase of a larger engine soon. Then it is thought that the coal can be crushed as fast as brought from the mine.

Walter Thompson, who for years has been among the foremost in locating and testing the value of coal lands, has a testing machine at work in the Pond River county, and we are told he is constantly buying the mineral rights in that and other portions of Hopkins county, and we think the fact is conceded that Walter is one of the best authorities on coal lands in the county, and the buyers generally place great confidence in his judgment.

The prospects are that before many years a large coal field still but partly developed, will be opened up as the contract reports say, for a new railroad to be built between Central City and Madisonville has been let and will open up this new field. The coal rights along this new route have mostly been bought up.

Mine Inspector Spillman was again with us last week and closely inspected several mines in the county, among which were Barnsley, Hecla, Kingston and Oak Hill. The mines have become so numerous and the duties so arduous that he quite naturally longs for the time to come when the governor of the state can see his way clear to appoint an assistant and thereby render him some relief. As it is now there is too much work for the present ones to keep up with it and do it right.

For years past it has been the custom of the St. Bernard Mining Company to give a labor dividend twice a year to their men, but when the financial crash came, followed by extremely dull business, few, if any, thought that this custom would be continued. In fact, the outsider who knew the heavy expense borne by them during the last few months without a corresponding income, could not see how they could possibly do so. Yet we understand that preparations are being made to gladden the hearts of the laborers by another distribution of this dividend fund.

The Ziegler mine still proves to be an attraction for some of our floating population, who get tired of staying in one place long, and so another contingent left for that place last week. All who go there claim better wages and better work, and yet but few of them stay, the most

of them in the course of time are seen on their way back to Earlington, the place where the miners meet with a "square deal."

Charles Gill, foreman of the St. Bernard Mining Co.'s stable at the Arnold mine, has been on the sick list for several weeks past, and while he is still able to look after the welfare of the mules under his care and see that the drivers treat them kindly, two doctors now have his case in charge and have advised him to drink only water from the new well, when an examination of his buggy was made the past week and jugs and bottles found therein, a suspicion was created that the medicine man's instructions were not being carried out to the letter. Perhaps Charlie can explain satisfactorily.

Nelson Kyle, a hoxler for one of the machine men in No. 11 mine, met with a painful accident last week. While moving the mining machine one of his fingers was caught, tearing away the nail from one finger and so bruising it up that at one time it was feared amputation would be necessary of a part of the fingers.

Foreman Thos. Longstaff, of the Shamrock mine, came up last Saturday on business. Some repairs are needed on the mine cage and he wanted to consult Machinist Hanna about it, and also call his attention to the fact that the new cage he was making would soon be needed there. Tom is a very careful foreman and watches every point to see that none of his fellow laborers are injured in or about the mines through any fault of his.

Supt. Bud Nisbit, of the Providence Coal Co., accompanied his aggregation of base ball players up here last Sunday and took quite an interest in the game. As usual young miners make good ball players and make a hard combination to face, as was shown the Earlington boys. Digging and loading coal make muscle and enables the batter to wield the bat effectively.

One of the great parties has already in its platform declared in favor of the establishment of a bureau of mines and mining, indicating that at last the public are getting their eyes open to the importance of this growing industry and all signs point to the necessity for, and probable election soon, of a cabinet officer, whose duty it will be to look after the mining interests of this country.

The new law in Illinois requiring the examination of coal mines and which is to take effect July 1st will it is said, cause a suspension of mining in that state, and the coal consumers of the state fear it will last long enough to cause a scarcity of steam coal, and the most serious question that confronts the miner, can he stand the examination according to the rules laid down. They may be safe practical miners and yet fail to stand a written examination, but we suppose there is a proviso in the law in reference to the uneducated or ignorant miner.

For Job work that is neat and artistic—The Bee Printery.

THE STORK AND THE DUCK.

Dr. Walton has introduced a book on "Why Worry," with the following words from Chwang Tsze:

"The legs of the stork are long; the legs of the duck are short; you cannot make the legs of the stork short, neither can you make the legs of the duck long."

Why worry?"

In other words, why worry about things which cannot be helped? Take life as it comes and make the best of it. There is no use complaining or worrying because one is long and cannot make himself short, or is short and cannot make himself long, or has brains without health, or has health without brains, or is born rich without brains, or is born poor without the opportunity of wealth.

Prof. Laughlin has defined socialism as "the philosophy of failure." It might also be defined as the philosophy of worrying. Socialism is a protest against inequalities that cannot be helped. Men are born with wide differences, physical, mental and moral, and it is impossible by any process of law or any system of economics to remove those differences. Even equality of possession is impossible because of the inherent inequalities of the mind, and the temper and the ambition of man. The socialist complains of these inequalities and is constantly inciting the people to worry about their lack of this thing or that thing, hoping that this worrying will finally lead to a political revolution.

But while we cannot get rid of inequalities, we can make the best of the conditions in which we are placed. The duck cannot be a stork, but he can be the best kind of a duck. That is the philosophy of individualism.—Exchange.

NOTIFICATION DAY AT CINCINNATI.

Greater Crowd Expected When Taft is Notified of Nomination.

NON-PARTISAN AFFAIR IT IS IN MANAGEMENT.

Cincinnati, June 27.—Notification day, July 15, is to be the biggest thing ever in Cincinnati. The Arrangement Committee at the Hotel Sinton had auxiliaries from nearly 200 various organizations at last night's meeting, and the programme was well nigh completed.

Secretary Taft is to receive the great committee at a meeting in Eden Park, where there is a natural amphitheater that will accommodate an audience of more than 100,000 persons. The entire affair is nonpartisan in its management.

Queen Has Diphtheria.

Lisbon, June 29.—Queen Amelie of Portugal, mother of King Manuel, is suffering from a mild attack of diphtheria. The Portuguese royal yacht Amelia left here last week for Rio Janeiro, having on board the gifts which King Carlos intended to present to President Pent during the visit to Brazil, which he planned to make this year.

SLACK WATER ALL THE YEAR ROUND.

Promised to Louisville With Increased Coal Supply When Dam is Built.

Gallipolis, O., June 27.—Government officials today located dam 26 in the Ohio river at Teens Run, eleven miles south of Gallipolis. This dam when completed will make the longest pool of water on the Ohio and will allow shipments of coal from the Great Kanawha and Louisville the year around. One million and a half dollars have been appropriated for the work, which will take five hundred men five years to complete.

NIGHT RIDER IS SENTENCED.

Dr. Championed Given One Year in Penitentiary For Birmingham Raid.

TEN OF JURY FAVOR A TEN YEAR SENTENCE.

Benton, Ky., June 27.—Dr. Enulus Champion was sentenced to one year in the penitentiary on an indictment charging him with participating in the night rider raid on Birmingham.

Ten of the jury were for ten years in the penitentiary and two were for acquittal. After an all-night session an agreement on a one year's sentence was reached.

The raid occurred last April, when John Criggs, an aged negro, and his few-months-old granddaughter were shot and killed and several negroes whipped.

The jury in the Champion case was from Paducah. Judge Reed took this action after two Marshall county juries failed to convict. There are nearly 100 cases on the docket, but the term ended to-day.

The management of the Alaska-Yukon-Pacific exposition is already taking steps to provide against extortion of visitors while in Seattle to see the big fair during the summer of 1909. Seattle easily took care of about 200,000 during the stay of the Atlantic fleet and at no time during the exposition period will there be as many visitors in the city at once.

Many national associations are planning to hold their 1909 meetings at the Alaska-Yukon-Pacific exposition. The handsome buildings and interesting exhibits of the \$10,000,000 world's fair, combined with the unsurpassed scenery and climate of Seattle makes the metropolis of the Pacific Northwest an ideal convention city.

LANDS FOR HOMESEEEKERS.

Great Opening By Government Of Choice Farms In New Irrigation Territory.

THOSE WHO ARE INTERESTED HAD BEST INVESTIGATE NOW.

Washington, D. C., June 26, 1908.

A number of exceptional opportunities are now being offered by the Government for enterprising and intelligent farmers to secure choice farms on a dozen or more large irrigation projects which are nearing completion.

Owing to the rapid narrowing of the limits of the unoccupied public domain, it is doubtful if these opportunities will ever occur again. It is probable, therefore, that the West will see one of the greatest influxes of homeseekers in 1908 that has been witnessed in many years.

The great fertility and wonderful crop yields from irrigated lands, and the favorable terms the Government offers settlers, warrants the belief that before the year closes not a single farm will be without its entryman. These farms are located in North Dakota, Montana, Wyoming and Nevada.

A letter addressed to The Statistician, U. S. Reclamation Service, Washington, D. C. will secure full information concerning the location, soil, climate, crop possibilities, and terms of disposal.

IMPORTANT ORDER PROMULGATED.

Postmaster-General Debars Certain Matter From Mails.

A very important order of the Postmaster-General has just been promulgated. It amends section 3893 of the Revised Statutes of the United States, which section provides that every obscene, lewd or lascivious book, pamphlet or picture, writing or print or other publication of an indecent character are classed to be non-mailable matter and shall not be conveyed in the mails nor delivered from any postoffice, nor by any letter carrier, and anyone convicted of a violation of the order shall, for each and every offense, be fined, upon conviction thereof, not more than five thousand dollars or imprisoned at hard labor not more than five years or both at the discretion of the court.

The amendment referred to includes all matter of a character tending to incite arson, murder or assassination, and refers to publications printed in whole or in part in a language other than English, and postmasters are directed to carefully examine such papers to ascertain if there is anything contained therein which tends to incite arson, murder or assassination, and if such is found to submit the question to the Assistant Attorney-General for the Postoffice Department for determination, and pending instructions from that officer will decline to accept copies of the issue of the publication in question for mailing.

J. C. Wolfe, clerk in Trainmaster Wise office, spent Sunday in Ky. with home folks.

ASSAY OFFICE FOR FAIR.

Branch Plant in Operation Will Show How Value of Precious Metals is Determined.

Seattle, June 30th.—A branch United States assay office with the full machinery in operation, taking the gold in its natural state and converting it into the purified metal, will be one of the interesting moving exhibits at the Alaska-Yukon Pacific exposition, which will be held here, opening June 1 and closing October 15, 1909.

The assay office exhibit will be installed in the Alaska building as it will graphically picture an important process in the principal Alaskan industry. Seattle already has an assay office, where since its establishment in 1898 up to July 31, 1907, there has been received and paid for gold to the value of \$156,720,133. Every year millions of dollars of gold is shipped to this office from the Northland. It is the intention to have the exposition office a branch of the Seattle office. It will be equipped with a furnace and complete apparatus for handling the gold as it is taken from the ground until all alloys and impurities are separated from it, and its exact value determined.

Some of the consignments which otherwise would be taken to the main Seattle office will be handled by the exposition office and the process gone through with there. A showing of the amount of precious metals the Seattle office has handled since its inception will be made in a graphic manner. The amounts will be figured out in cubic feet, and bars erected of the resulting dimensions, one representing the gold being gilded yellow and the other showing the silver output, being colored accordingly.

Late Mr. Cleveland A Great Epigramatist.

Some of his famous expressions:

Public office is public trust. After an existence of nearly twenty years of almost innocuous desuetude these laws are brought forth.

It is a condition which comforts us—not a theory.

Party honesty is party expediency.

If the wind is in the south or west so much the better, but let's go fishing, wherever the wind may be.

Don't give your friend wild duck uncooked unless his wife knows how to cook it; the gift will be discredited in the eating.

The duck hunter is born—not made.

I would not have our people sober; but would have them thoughtful and patriotic.

I do not believe that nations any more than individuals can violate the rules of honesty and fair-dealing.

Tread lightly, gentlemen, for you have to do with temples of the Holy Ghost. (This to assembled physicians.)

Fined Joe Leiter for Speeding.

Dedham, Mass., June 27.—Joseph Leiter, of Chicago, was fined \$15 here today for over-speeding his auto in Norwood yesterday. When arrested Mr. Leiter was accompanied by his bride. They had been attending the boat race at New London and were on their way to Boston.

A Word from Josh Wise. "Let well 'budd alone. It is sufficient that th' timberlagger knows which shell the pea's under."

The Moving Throng

Miss Ella Draper was in Madisonville Monday.

M. Devney, of Evansville, was in the city Friday.

Miss Annie Knox, of Richland, was in the city Saturday.

Jas. S. Keen made a business trip to Madisonville Saturday.

Mr. Robt. Ewing, of St. Charles, spent Tuesday in the city.

Mrs. Wm. Day spent Friday in Madisonville with friends.

Mr. White Ashby, of Slaughter, was in the city Saturday.

Mrs. F. J. Croft spent Sunday in Madisonville visiting friends.

Mrs. Don Wise, of Evansville, is in the city visiting her mother.

Mrs. Jeff Murphy spent Sunday in Madisonville with her parents.

Mr. Geo. Toy, of Henderson, was in the city a few hours Friday.

Mr. Hugh Griffin and family, of St. Charles, was in the city Sunday.

Mr. W. G. Blum, of Evansville, is in the city visiting Mr. Jas. Lester.

Dispatcher Hutcheson spent Saturday in Henderson with friends.

Cheney Strange made friends in the County Seat a visit Saturday.

We are experienced tanners and guarantee our work and can give you the best results obtainable in anything in our line.

MAUZY & BONDURANT, Telephone No. 115, Madisonville, Ky.

Mrs. J. W. Robinson, of Madisonville, visited friends in the city Monday.

Mr. Thos. N. Black, of Providence, was in the city last week on business.

Mr. W. D. Crenshaw, foreman of the Fox Run mine spent Sunday in the city.

Mrs. Jno. Griffin, who has been visiting friends in Lisman, has returned home.

Mr. Geo. Farnsworth, of Owensboro, spent Sunday in the city with his mother.

Mr. J. T. Barnett, of Madisonville, was in the city on business Saturday.

Mr. Ed Barnett, who has been working at Wheatcroft, has returned to the city.

D. B. Griffin and son Dan leave next week for a month's stay in Texas.

Mrs. J. L. White, of Nashville, Tenn., is visiting the family of Mr. Iley Lane.

Mrs. Earnest McLemore, of Madisonville, spent Friday in the city with friends.

Miss Trixie Fendwick made friends in Madisonville a visit Friday.

Miss Cora Croft left Saturday to visit friends in Evansville and Mt. Vernon, Ind.

Mr. Farless Hewlett and wife, of Hanson, were guests of Mrs. P. B. Davis Sunday.

Mr. Rex McEuen, who has been in Hot Springs, Ark., for some time returned home Sunday.

Mr. Geo. C. Atkinson and wife, left Monday to spend a few days in Louisville with friends.

Mrs. Jas. Long and children, of Nashville, are visiting her parents in the city this week.

Mrs. Phil Schadurp, of Henderson, is visiting her sister Mrs. C. H. McGray this week.

Mr. and Mrs. Clarence Nash have moved in part of the house of Mrs. Goodell, on Railroad street.

John Coyle, of Earlinton, clever tonsorial artist, went to Slaughters on a fishing trip Monday.

Mr. Geo. King and wife, of St. Charles, spent Monday in the city as guests of Miss Eliza Robinson.

Mr. and Mrs. Thos. Longstaff and Miss Lizzie, of Providence spent Sunday in the city with friends.

Mr. Dan Evans and family left Wednesday for St. Louis, Mo., where they will visit for several days.

On this page you will find the advertisement of Mrs. W. H. Barron, proprietress of the Ladies' Department Store at Madisonville. Mrs. Barron has a complete line of everything for the Ladies which she will sell at cost for the next thirty days. Mrs. Barron only started in business this spring and consequently everything in stock is new and up-to-date.

Miss Lena Merrill, of Grape Vine, who has been visiting Miss Ruth Wyatt for the past week, returned home Monday.

LOST—Somewhere in railroad yard or on street one Knights Templar watch chain with letters W. S. B. on it. Return to W. S. Bramwell and receive reward.

Mrs. W. H. Bramham, of Durham, who has been visiting in the city for some time has returned home.

Misses Fanny Rule and Isabel Fraser left Tuesday morning for Henderson as delegates to the State Convention of Epworth League.

Henry W. Rogers, better known as Roggie the Tailor, returned from a trip to Lexington, Frankfort, Nashville and other places Sunday night.

For roofing, guttering, cornice work or anything in a tinner's line, call on Mauzy & Bondurant, Telephone No. 115, Madisonville, Ky. Their prices are right and their work is guaranteed.

Paid Quickly.

It is a pleasure to report the prompt payment by beneficiary orders of claims, and in this instance the United Order of the Golden Cross has demonstrated its ability and has done as it has in the past five years within ten days paid all claims. As an evidence of its "promises kept" we are pleased to publish the following:

Central City, Ky., June 25.—Officers and Members of Central City Commandary, No. 434, U. O. G. C. Please accept my sincere thanks for the prompt payment of the certificate of my late husband. Ten day from the completion of proof I received a check for the full amount. I also desire you to ask the Supreme Officers for their promptness.

Yours truly,

CLAUDE B. WOODBURN

Eleven certificates calling for \$15,000, has been paid Earlington Commandary. In the 32 years existence of the Cross, organized July 4, 1876. It has paid in Kentucky over \$500,000 and a grand total of \$10,049,528. 14. Can any one estimate the amount of good that the "Cross has done?"

"HALF PAST."

Was Golofsky's Guess, But Doctor Convinced Him It Was "Four."

New York, June 19.—Abraham Golofsky returned to his farm house near Troy Hills, N. J., Wednesday afternoon. The doctor met him at the door.

"Four," said the doctor.

"No," replied Golofsky, "It's only 3:30."

"Four fine boys this time," said the doctor, breaking it gently.

"Merciful gracious!" exclaimed the farmer, dropping into a chair, "where do I get offsky?" It was true, Mrs. Golofsky had presented her husband with four tokens of her affection. The four boys weighed altogether 16 pounds, four ounces, and are perfectly formed, have well developed lungs and good appetites. Golofsky is 40 years old; his wife is 32.

Here's the record:

Married April 5, 1892.
Twins March 22, 1893.
One was born 1894.
Twins in 1895.
Triplets 1896.
Twins 1897.
Twins 1898.
Twins 1899.
One 1900.
One 1901.
Twins 1902.
One each year 1903, 1904, 1905.
Triplets 1906.
Twins 1907.
Quadruplets June 17, 1908.
Total, 30 in 15 years, of whom 14 are living.

TEMPERANCE RALLY JULY 4

Prominent Speakers Will Deliver Addresses in This City on That Day.

ADDRESS BY MRS. BEAUCHAMP.

The temperance leaders of Madisonville will have a big time in that city on July 4th in the interest of the temperance movement. It will not only be a great day for those favoring prohibition in Madisonville, but for all those opposed to the saloon that live in other parts of Hopkins county.

Arrangements have been made for several prominent speakers to be here and address the people on this important matter. Rev. J. W. Porter, of Lexington, one of the ablest and most pleasing speakers in the State, will speak at the fair grounds where the Elk's celebration will be held at 1 o'clock and a great treat is in store for those who are present and hear the address he will make.

Rev. Severance, Chaplain of the state penitentiary at Frankfort, Rev. J. W. West, superintendent of the anti-saloon league, and Mrs. Beauchamp, president of the Kentucky W. C. T. U., will also in Madisonville and several addresses will be delivered in or near the court house from 9 to 11 in the forenoon and from 5 to 8:30 in the afternoon.

The people from the country as well as those in neighboring cities and towns and in Madisonville are urged to remember these appointments on this day and not fail to avail themselves of the opportunity to hear these addresses by such prominent speakers.

DALTON ITEMS.

Roy Mullens went to Dawson Tuesday.

Miss Alice Brown visited here Tuesday.

Mrs. Nan Fox is visiting the family of H. Y. McGregor this week.

Miss Effie McGregor visited at Dawson Sunday and Monday.

Mrs. Lou Richmond and daughter, of Paducah, are visiting friends and relatives near here this week.

Misses Mollie Fox and Vada Brown visited Miss Ruby Neisy Sunday.

Miss Dora Dorris visited Miss Ghola Barnes Sunday.

Mrs. Martha Martin, of Quinn, visited the family of H. Y. McGregor last week.

Quite a crowd from here attended the singing at A. W. W. Wilson's Saturday.

Arthur Dorris went to Providence Saturday.

Miss Mae Dorris visited her sister Mrs. Ernest Cullen Sunday.

Transfer to Tennessee Central.

Nashville, Tenn., June 29.—Meetings were held here today by the officials of the Illinois Central, Southern, Nashville Terminal Company and the Tennessee Central lines, and arrangements perfected for the formal transfer of the Tennessee Central properties to its owners after they had been operated under a three years' lease by the Illinois Central and Southern roads. The transfer will be made at midnight. Little change will be made in the number of trains operated or the schedules.

U. S. MAY AID MEXICO

IS POSSIBILITY OF TROOPS ARRESTING FLEEING MEXICAN REVOLUTIONISTS.

SOLDIERS ARE ORDERED OUT

Rurales Are Scouring the Country Along the Border and Guarding the River to Prevent Insurgents Crossing.

San Antonio, Tex., June 30.—Orders have been received at Fort Sam Houston calling out troops.

Washington, June 30.—There is a possibility that United States troops may be called on to arrest any of the Mexican revolutionists who may cross the border in the effort to escape from the Mexican authorities. It can not be learned that any actual orders to this effect have been given, as none of the officials having to do with the matter is willing to discuss just what is being done except that every step possible is being taken to see that the neutrality laws shall be enforced. The United States authorities are sincerely working to this end and assurances have been received from the attorney general of the United States and Gov. Campbell of Texas that everything will be done to compel a strict enforcement of the law. Several military posts are in proximity to the border of Texas touching the state of Coahuila, where the Mexican revolutionists seem to be doing the most of their work and troops may be made ready quickly for any service required of them. They include the men at Fort Sam Houston, Fort Bliss and at Fort Clark. Senor Godoy, the Mexican charge at Washington, had another talk with Acting Secretary Adee of the state department Monday, at which the situation was discussed.

Mexico and the United States have an agreement whereby the troops of either country may cross the boundary of the other in pursuit of hostile Indians, which may serve as the basis for any steps that might be taken in assisting Mexico to capture the revolutionists.

Troops Aid State Authorities.

Washington, June 30.—By direction of President Roosevelt, Secretary of War Taft has issued orders to the commanding general of the department of Texas, at San Antonio, to send a sufficient number of troops to Del Rio, El Paso and other points in Texas to aid the state authorities in preserving order.

The action was decided upon as a result of the request from the Mexican government that the United States do its utmost to prevent any violation of the neutrality laws. The request of the Mexican government was referred to the attorney general by the state department and the governor of Texas in the meantime was asked to aid in compelling obedience to the law.

The order of the president sending troops to the border are understood to have been made upon the recommendation of the attorney general. Brig. Gen. A. L. Meyer, in command of the department of Texas, is authorized to ascertain the number of troops necessary at Del Rio and El Paso, and also to send troops to any other points along the Mexico-Texas border if found advisable. The federal troops will act under the direction of the United States marshal and United States district attorney. Their presence will also do much to prevent any outbreaks within United States territory and will be of material assistance in the event that revolutionists should cross the border.

Del Rio is directly opposite Las Vacas, Mex., where the principal disturbances have occurred.

Rurales Scouting Border.

San Antonio, Tex., June 30.—A special from Eagle Pass, Tex., says: One hundred and eighty of the rurales of the republic of Mexico, on the order of the Texas Rangers, arrived in Ciudad Porfirio Diaz Monday and are on scouting duty in the border section. They are the best armed and equipped as well as the finest body of fighting men in Mexico. All is quiet in C. P. Diaz and surrounding towns.

The trouble at Las Vacas seems to have come to an end for the present and everything is expected to continue quiet. Reinforcements of cavalry arrived Sunday from C. P. Diaz and are scouting the country in search of the insurgents. The river is heavily guarded to prevent their crossing to this side. The cavalry reported the finding of the dead bodies of two more insurgents Monday afternoon. Parties crossed the river Monday and made arrangements for the return of an Austin fishing party to Del Rio. No apprehension is felt here for their safety. The party was reported as having been seen on San Diego river Sunday.

M., K. & T. Shops to Reopen. Parsons, Kas., June 26.—The Missouri, Kansas & Texas shops here, employing 850 men, ordered closed May 16, have been ordered to reopen July 1 and it is understood all the shops on the system have been ordered reopened.

Exploding Controller Injures Ten. Pittsburgh, June 30.—Ten passengers were injured, none fatally, when the controller of a Carnegie street car exploded, the red hot debris of the mechanism being blown into the car.

Have You a Summer Stove?

The stifling air of a close kitchen is changed to comfortable coolness by installing a New Perfection Wick Blue Flame Oil Cook-Stove to do the family cooking.

No kitchen furnishing is so convenient as this stove. Gives a working heat at once, and maintains it until turned out—that too, without overheating the room. If you examine the

NEW PERFECTION Wick Blue Flame Oil Cook-Stove

you will see why this is so. The heat from the chimney of the "New Perfection" is concentrated under the kettle and not dissipated through the room by radiation. Thus it does the work of the coal range without its discomfort. Ask your dealer about this stove—if not with him, write our nearest agency.

The **Rayo Lamp** is a very handsome piece of housefurnishing and gives a clear, powerful light more agreeable than gas or electricity. Safe everywhere and always. Made of brass finely nickel plated—just the thing for the living-room. If not with your dealer, write our nearest agency.

Standard Oil Company (Incorporated)

Avoid alum and alum phosphate baking powders. The label law requires that all the ingredients be named on the labels. Look out for the alum compounds.

NOTE.—Safety lies in buying only Royal Baking Powder, which is a pure, cream of tartar baking powder, and the best that can be made.

Subscription Rates

Three months .25
Single copies .05
Specimen copies mailed free on application. Correspondents wanted in all parts of the county. Address us for particulars.

Thursday, July 2, 1908

Terse Telegrams

Red Bud, Ill.—A black homing pigeon flew directly into the front yard of John Hoffman, six miles west of here. Mr. Hoffman went out to feed it and it followed him into the house. A small band was around its leg, with the following inscription: "T. Y. 25,045."

Chicago—Public school teachers of Chicago, numbering more than 6,000, will receive an increase in pay beginning Jan. 1, 1909. The increase will mean an additional outlay of \$500,000.

Benton, Ky.—Burnett Phelps, one of several men indicted in Marshall county for night riding, was placed on trial Tuesday. He is accused of being in the raid on Blomington, when John Scruggs, a negro, was killed and his grandchild was so badly shot it died the next day.

Providence, R. I.—Warren R. Fales was granted an absolute divorce from his wife, Katherine Fales. Fales named his son as co-respondent.

New York—The New York police have been notified by the authorities of Red Bank, N. J., that they have found and are holding Mrs. F. A. Marbury, the wealthy woman who eluded her nurse in a department store on Broadway. Mrs. Marbury is a sister of the wife of the late Secretary John Hay.

New Haven—It is reported on high authority that an honorary degree of LL.D. will be conferred upon J. Pierpont Morgan by Yale university. President Hadley believes Morgan performed a self-sacrificing and patriotic act of world-wide importance during the financial panic last fall.

San Francisco—Eugene P. Murphy, 63 years, who represented the United States in Alaska at the time of its transfer by Russia, is dead here.

New York—A race between balloons and aeroplanes is to be one of the features of the Hudson celebration in New York next year. The race probably will be conducted under United States government auspices.

Tokyo—It is reported here that 50 fishing boats were wrecked off the coast in a tornado and 350 persons drowned. The governor of the Kago-shima province has asked the government for aid from the navy yard at Sasebo.

Minneapolis, Minn.—Mrs. L. H. Tut-hill, 38 years old, of Brooklyn, N. Y., jumped off a pier at Lake Minnetonka and was drowned. She left a note complaining of mental depression. Her husband lives in Brooklyn.

Norman, Okla.—Bank depositors paid in full two days after the institution failed is the record of the unique banking law of Oklahoma, which has been put to use for the first time. The Bank of Colgate failed a few days ago, and the bank commissioner took charge at once, and in 48 hours every depositor was paid his full deposit.

Philanthropy.
"No," said the bishop, a wise and broad man who had seen much and suffered much. "I make it a rule to perform marriage ceremonies free. I have no desire to profit by other people's misdeeds."—Puck.

Cheerfulness and Health.
Cheerfulness is the best promoter of health. Repining and murmurings of the heart give imperceptible strokes to those delicate fibers of which the vital parts are composed and wear out the machine.—Culver.

Masculine Imagination.
Some men make mountains out of mole hills and then sell them for summer resorts.—Dallas News.

Early Marriage in Mexico.
Marriage at an early age is frequent in Mexico. Recently a boy of 16 and a girl of 14 were married in the capital.

French Courtesy.
We should treat our detractors and calumniators as Marbeau did. When speaking at Marseilles he was called "calumniateur, liar, assassin, scoundrel." He said: "I wait, gentlemen, until these amenities are exhausted."

The Difference.
A woman's idea of a bargain is something that's reduced two cents. A man's idea of a bargain is something that costs two cents.

Keep Busy.
Occupation is the necessary basis of all enjoyment.—Hunt.

Recipe That Seldom Fails.
Probably the best salve for healing the broken heart of a woman is a mixture of time and another man.

How He Did It.
"There's a man who buys champagne on a beer income." "How can he do it?" "He's a brewer."—Louisville Courier Journal.

Call for Deeds.
Tears in mortal miseries are vain.—Homer.

Friendly Discussions Avail.
It would be an important step towards the reconciliation of political opponents if they would clearly signify on what points they agree, and what points they differ. To this end, friendly discussions avail more, far more, than calumnious insinuations, furious invectives, the acerbities of partisan rivalry, the machinations of intrigue and malevolence.—Comte de Mirabeau.

Advice from the Politician.
"My boy," said a politician to his son, "lean a little toward everything and commit yourself to nothing. Be as round as a bottle and just dark enough that nobody can see what's in you."

Making "Fun" of Ear Washing.
Should the small child object to having his ears washed use a shaving brush in place of a brush, and the operation will be completed with satisfaction and ease on both sides.—Good Housekeeping.

Inundation of the Nile.
The valley of the Nile is inundated regularly every year from the 15th of June to the 17th of September. When the river subsides it leaves a rich deposit of soil for six miles on each side of the stream. Sometimes the overflow is excessive, but if the inundation falls short failure of crops results. In 1829 the flood was so great as to cause the loss of 30,000 lives and the destruction of much property.

Hogs as Camp Scavengers.
To purify the camps, Robespierre proposed to the committee of public safety that the armies of the republic be followed by droves of hogs. This suggestion gave birth to the popular saying: "He will be a general if Robespierre's little pigs do not eat him up en route."—Le Cri de Paris.

Unrequited Genius.
The world has never learned the name of the genius who conceived the idea of spreading butter upon his bread, a combination of food elements more palatable, more wholesome and more universally popular than any that the combined wisdom of all the professors who have ever lived has been able to devise.—The Epicure.

Carnival Disguises Stick.
Fleas, birds and animals painted in green on the faces of scores of revelers as disguises for a carnival at Las Palmas, Canary Islands, won't come off and experts say never will. A chemist named Alonson, who did the work, was almost lynched, and 30 victims have sued him for damages.

To Be Popular.
It is astonishing how much you can learn from people in social intercourse when you know how to look at them rightly, but it is a fact that you can only get a great deal out of them by giving them a great deal yourself. The more you radiate yourself, the more magnanimous you are; the more generous of yourself, the more you will get back.

Alum for Household Use.
Alum should never be absent from any household. It has a very good effect if applied to bleeding wounds, as it checks the loss of blood. Boiled in milk in small quantities it is good for toothache. It must be held in the mouth, not swallowed. For bleeding of the mouth or tongue, a wash in cold water in which alum has been dissolved is very effective.

Nation of Pie Eaters.
We are a nation of pie eaters. The pie is a national institution, almost a part of the national constitution. The great American pie belt grows wider every year. In Havre and Marseilles, France, one can see the neat printed phrase: "Pie Americaine," and on the carte du jour of the Mena hotel, just under the shadow of the Sphinx, the homely entry: "Pie de Pomplon a la New York."

A Power Has Risen.
A power has risen up in the government greater than the people themselves, consisting of many and various and powerful interests, combined into one mass, and held together by the cohesive power of the vast surplus in the banks.—John C. Calhoun.

The Rattlesnake Emblem.
Dr. Thornton convinced President Jefferson that the rattlesnake (Crotalus Horridus), being peculiar to this country, was the finest emblem of the United States that could be found. It never acts but defensively, it never strikes without giving fair warning, and when it does strike it is fatal!—New York Press.

Wasted Effort.
Force without judgment fails by its own weight.—Horace.

TAFT WORKING HARD AT DESK

IS WINDING UP HIS AFFAIRS AS THE HEAD OF THE WAR DEPARTMENT.

REFUSES TO TALK POLITICS

Spends the Day in Conferences with General Wright, His Successor, and with His Different Bureau Chiefs.

Washington, July 1.—"I am in process of sloughing off my official robes." This was the laconic description of his condition given by Secretary William H. Taft Tuesday evening as he sat at his big flat-topped desk in his private office at the war department. He had been working like an East Indian slave during the day in the disposition of more or less important departmental business. He gave notice early in the day that he did not propose to discuss politics during his closing hours as secretary of war, because of the enormous amount of matter that must be disposed of. Throughout the day he was in conferences with Gen. Wright, who is to be his successor as executive head of the war department, and with bureau chiefs of the department.

The only real political conference he had during the day was with Representative Theodore E. Burton of Ohio. The conference was prolonged. Mr. Burton discussed with the secretary the details of the convention and the political situation as it has developed since the convention adjourned.

He devoted particular attention to the political conditions in Ohio. Mr. Taft's native state, concerning which he is especially solicitous.

At the conclusion of the conference Mr. Burton said that a number of questions were considered by Mr. Taft and himself, concerning which he could not talk.

BRIDE SHOTS HER BOARDER.

Frenzied Woman Uses Husband's Revolver to Repel Attack.

New York, July 1.—Mrs. Catherine Mancuse, a pretty bride of 23, shot four times and fatally wounded a boarder in her home, 155 West Twenty-seventh street, when he tried to attack her during her husband's absence.

The young woman fought the man in her room, and frenzied with terror, she managed to wrench herself free. She ran into her husband's room, snatched his revolver from a drawer and fired four bullets into the boarder as he followed her. Then she escaped, passing a policeman as he entered the house.

Shipment of Arms Denied.

Havana, July 1.—The report of the army officers detailed to investigate the rumor that a cargo of arms and ammunition had been landed recently from a schooner at Punta Del Coco, Pinar del Rio province, states that the rumor was absolutely without foundation.

Weather Indications.

Washington, July 1.—Forecast for Wednesday and Thursday: Illinois—Fair Wednesday and probably Thursday; light to fresh north-west winds. Missouri—Generally fair Wednesday and Thursday.

Bishop Potter Near Death.

Cooperstown, N. Y., July 1.—After a day in which the patient visibly lost strength and the end seemed near, Bishop Henry Codman Potter of the New York Protestant Episcopal diocese was Tuesday night reported by his physicians to be resting somewhat more comfortably, with symptoms rather more favorable than during any time in the last several hours. The condition of the eminent patient is still critical, however, and no great hopes are built upon the slight rally which was noted early Tuesday night.

Haskell Honors Requisition.

Guthrie, Okla., July 1.—Gov. Haskell Tuesday honored the requisition of Gov. Deneen of Illinois for the return to Chicago of Theodore C. Brockhauser, now under arrest at Foraker, Osage county, charged with perpetrating a series of fake sales of first mortgage notes. He is alleged to have swindled poor working girls in Chicago out of \$8,000, selling them fake mortgages for ridiculously small amounts.

Sherman to Leave Thursday.

Cleveland, O., July 1.—It has been definitely decided that Congress J. S. Sherman, Republican candidate for vice-president, who is recovering from a ten days' illness here, will leave for his home in Utica, N. Y., Thursday morning. Mr. Sherman has almost entirely recovered his strength and expresses himself as feeling in good health again.

Great Lakes Miners Resume.

Kittanning, Pa., July 1.—After a protracted idleness, the mines of the Great Lakes Coal Co. at Kayler, near here, have been put into operation, employing 1,400 men.

COLORADO'S FIRST CAPITOL.

Old Log Cabin at Colorado City, Now a Chinese Laundry.

Colorado Springs, Col.—Diagonally across from Rum Row, on Colorado avenue, Colorado City, stands the log cabin which served as the first territorial capitol when Colorado City was made the capital of the territory in 1861. The building, however, was used for this purpose but five days. The lawmakers decided that the accommodations were inadequate, and adjourned to meet in Denver. Just what accommodations the new capitol was "shy" of is not recorded, but it could not have been that seemingly necessary adjunct to law making—whisky. For it is a historical fact that the city at the entrance to Ute

First Territorial Capitol of Colorado.

Pass at the base of Pike's Peak has always carried an ample supply of undertaker's delight since it was founded in August, 1859. The drink emporiums have been one of the features of the city, and one entire block on Colorado avenue is given over to these joints and signs of "The Tenderfoot," "Black Tail," "Antelope," "The Nugget," "Red Top Boots" and "Elk's Horn" greet the eye.

The abandoned capitol was used for a short time as a drug store, then as a dwelling for prospectors who hoped to make a discovery on the South Platte river, and finally the building was rented to a son of the Flowery Kingdom, Sam Wah, who has since conducted a laundry within its historic walls. Sam Wah and two kinsmen are the only Chinamen engaged in the wash business in the city, and they must be accumulating a goodly bank account, for they pay \$20 monthly rental for the former capitol. The rent for a year is a great deal more than the building is worth, but its owner wants \$6,000 for the old logs and the weather boarded front, as there are men who wish to buy it for the purpose of removing it to Denver, where it would doubtless prove a drawing card as a historic curiosity.

FATHER OF LIBERTY BILL.

Confessionster Sterling Author of Employers' Measure.

Washington.—Congressman John A. Sterling of Illinois, the father of the employers' liability bill, which went through the house with only one dissenting voice, that of Congressman Littlefield, is a man who has all his life come much into contact with the

JOHN A. STERLING

poorer classes and has seen the want and suffering that is often brought upon the family of a workman through his being incapacitated by an accident. Sterling was born on a farm and educated himself by his own efforts. After his graduation he was superintendent of public schools in Lexington for two years, after which he took up the practice of law. He was state's attorney for McLean county for four years and is now serving his third term in congress.

Appearances Sometimes Tell.

Sherlock Holmes and Dr. Watson stood near the entrance to the Brooklyn bridge while the homeward bounders were engaged in their daily fight for car-room. Dr. Watson was engaged, as usual, doing nothing and admiring Holmes the while. Since he could neither play the fiddle nor use morphine Sherlock was forced to fall back on his old pastime of deduction. "Watson," he remarked, apropos of nothing in particular, "there is a young man who is going to call on a young lady, one whom he would probably call his 'best girl.'"

"How do you know that?" inquired Watson's never-failing "feeder."

"Because he has two boxes of chocolate under his arm and a bouquet rather badly done up in his right hand."

"Marvelous, marvelous," whispered Watson. "Let us, my dear Holmes, refresh ourselves." And they disappeared between the swinging balconies of a neighboring oasis.

FATHER OF OIL KING IN RADIUM FACTORY

NEW TALE OF DUAL LIFE OF ROCKEFELLER PERE.

Chicagoan, with Dr. William Livingston for Twelve Years, Says Man Admitted He Was Parent of Famous John D.

New York.—Many additional facts about the dual life led by Dr. William Avery Rockefeller, father of John D. Rockefeller, are supplied by Dr. Charles H. Johnston, his assistant and business partner for 12 years. In those years Dr. Rockefeller went under the name of Dr. William Livingston, but to his partner, Dr. Johnston, so the latter declares, he revealed the secret of his life—that he was Rockefeller and that John D. Rockefeller was his son.

Dr. Johnston is president of the College of Medicine and Surgery in Chicago. He explains:

"It was in 1874 that I paid him \$1,000 and became his student and assistant. He was living then in Freeport, Ill., as Dr. William Livingston, and he never posed under any other name thereafter. His wife, Mrs. Margaret Allen Livingston, living yet in Freeport, was one of the sweetest women I ever knew. I did not know until years afterward that he had two wives, one the mother of John D. Rockefeller. She lives in Cleveland, O.

"Dr. Livingston and I traveled over all the west, through Illinois, Wisconsin, Minnesota, the Dakotas, Iowa, Nebraska and Kansas. It is not true that he sold medicines in the street. He had a fine team of horses, the best that money could buy, and a fine carriage in which we drove from town to town. He would have a string of eight or ten towns at once. He would drive into a town, scatter handbills, in which the great Dr. Livingston asserted that he could cure all diseases, and we would have a suite of rooms at the best hotel, and to the doctor there would come the sick and the halt and the lame. In all cases of common ailments he could detect the cause almost at a glance.

"He made a great deal of money. He often took in \$200 in a day, and if he took only \$100 he thought it a poor day's business.

"I knew from the first that there was some deep mystery in his life, but it was several years before I suspected that he was Rockefeller, and it was several years more before he acknowledged to me that his name was

DR. W. LIVINGSTON

William A. Rockefeller and that John D. Rockefeller was his son.

"In all the years I was with him the old man went twice a year to Cleveland and stayed a week or two. He told me he went there to look after his money invested with John D. Rockefeller, and he would tell me wonderful stories of John D.'s shrewdness and great wealth."

Dr. Johnston showed several letters, postmarked Cleveland, O., and signed William Livingston, M. D.

"I first learned positively that Dr. Livingston was Dr. Rockefeller when he was injured on a ranch in North Dakota and thought he was going to die. He and I went to North Dakota together in 1881, and took up adjoining homestead claims where the town of Park River is. We were building a shed for a cattle shelter and in lifting a heavy log he strained himself. He was an old man then, and he thought he had ruptured an intestine. The pain was great and he thought he was dying. I asked him if I should send for his wife, Mrs. Livingston, if he should die, and he said: 'No; notify John D. Rockefeller, but be very careful and let no one else know it.'

"When he got well I told him I knew he was John D. Rockefeller's father. At first he denied it and then he said it was true. He told me that the reason he kept it secret was that he found it necessary in his younger days to assume a name because he was practicing medicine without license. He might be arrested any time and he did not wish to disgrace the name of Rockefeller because of his children. He stuck to the name later, he said, because it was then too late honorably to take his right name."

Punishment for Luxemburg Tramps.

The Luxemburg government is treating incorrigible vagabonds to bread and water for the first four days of their imprisonment, and to the lowest scale of ordinary diet twice a week afterward. The prisons are said to be supplying fast.

INTRICATE PROCESS OF MAKING PRECIOUS ELEMENT.

Tons of Ores Treated for Two and Half Months in Large Sifting Tanks to Obtain Minimal Fragments of Salts.

London.—Physical theories have, in the course of the last few years, undergone something like a revolution, due to the discovery of radiations, given out from certain substances, which radiations, although invisible to the eye, manifest themselves by the most varied effects. The typical representative of these substances is radium, or rather its chemical compounds, as the element itself has not yet been isolated. Owing to the scientific interest attaching to this wonderful substance, and the practical uses it is liable to be put to, especially in medicine, it will not be amiss briefly to record the complicated processes required in its manufacture.

Apart from their being some of the most interesting substances known to men, radium salts are the most precious of all chemical compounds, one kilogram of radium bromide being estimated at about \$80,000,000. Owing to this extreme costliness, it will be understood that the amount of radium generally handled in laboratories must be rather minute; and, as the effects of radium are of extraordinary intensity, those small quantities are quite sufficient to show any phenomenon hitherto discovered.

In order, however, to give an idea of the enormous amount of material required to produce, even such minute quantities as a few milligrams of radium salts, it may be said that whole

Sifting Tanks in a Radium Factory.

wagon-loads of diverse ores have to be submitted to a lengthy treatment in order to extract from them some minimal fragments. By discontinuing the various operations at a given stage the activity of the radium salt can be varied at will; according to the special purpose it is intended for, and a whole scale of different intensities can thus be readily produced.

At a special radium factory recently installed at Nogent-sur-Marne, the most varied ores are treated, and on their arrival are all taken to the crushers, whereas their further treatment varies according to the kind of material. The method described in the following applies more particularly to pitchblend, or rather to pitchblend residues as obtained in the manufacture of uranium—which are the most important of radium-holding materials. The "gross treatment" is carried out in wooden tanks and cast-iron tanks provided with stirring devices. Each ton of residue will require five tons of chemicals and 50 tons of rinsing water.

As radium sulphate always remains at the bottom of the vessel, it is found there at the conclusion of the different operations (lasting about two and a half months), when one or two kilograms of impure radium bromide will be obtained from each ton of residue. The activity of this radium-holding salt hardly exceeds 50 to 60. Products of higher activity are obtained by "fractionation"—namely, by submitting the mixture of salts to a series of successive crystallizations in pure water, and in water containing some hydrobromic acid. The difference of solubility of the bromides of radium and barium respectively is thus utilized, with a view to separating them from one another. After dissolving the various bromides, the solution is saturated at boiling temperature, and beautiful crystals are obtained on cooling. These crystals possess an activity five times greater than the originally dissolved salts, and by repeating the same operation over and over again, products of ever-increasing activity are obtained.

While the first fractional operations are still carried out on a commercial basis, the more minute operations required to treat the products of higher activity are necessarily performed in the laboratory of skilled chemists. At the end of this difficult treatment only one to two milligrams of bromide are found to remain from each ton of original residues, but this minimal amount shows an activity 2,000,000 times higher than metallic uranium. The most important part of the factory is the laboratory, where chemical analyses and spectroscopic tests are carried out, in addition to measuring the activity of each product, as well as of the emanations they are liable to produce. The apparatus used in this connection have been designed by the discoverers of radium.

RIOTING IN LONDON

SUFFRAGETTES ATTACK HOUSE OF COMMONS.

UNSUCCESSFUL; 29 ARE ARRESTED

Leaders Remained Away—Another Invasion of Parliament Is Planned for Thursday.

London, July 1.—Contrasted with the recent orderly and impressive suffragette demonstrations, Tuesday's demonstration was a comparative failure and calculated rather to injure than advance the cause it intended to serve. Nothing like the number of suffragettes anticipated appeared on the scene and the affair seemed to lack a definite plan and organization. The real leaders in the attack on the house of commons in fact remained behind at Caxton Hall, reserving themselves, as they now explain, for another projected invasion of parliament on Thursday.

Skirmish With Police.

The police, mounted and on foot, were in strong force in the vicinity of parliament and for two or three hours that neighborhood was the scene of riots and skirmishes through the efforts of the suffragettes to break through the cordon and reach the lobby of the house committee. Numerous ruses and disguises were employed for this purpose, but none succeeded and in the end 29 of the women were arrested, including two bold spirits who drove in a cab to Downing street and threw stones and smashed windows of the premier's residence, and others who chartered boats on the Thames and tried to harangue the members of the house on the terrace through megaphones.

Mrs. Acquith and her daughter watched the scenes from the balcony of a hotel overlooking Parliament square.

Scenes of the greatest disorder were enacted, but it is estimated that not more than 5 per cent of those gathered in parliament square were women.

IN MEMORY OF ALDRICH.

Writers Pay Honor at Dedication of Memorial.

Portsmouth, N. H., July 1.—A distinguished gathering of writers paid honor to the memory of Thomas Bailey Aldrich Tuesday at the dedication of the poet's old homestead, which has been preserved as a public memorial.

Exercises were held at Music Hall. Mayor Wallace Hackett, president of the memorial committee, presided, and the speakers included Samuel Clemens (Mark Twain), Hamilton W. Mable, Richard Watson Gilder, Thomas W. Higginson, Robert Bridges and Gov. Guild of Massachusetts. Thomas Nelson Page was present.

After the dedication, the guests inspected the memorial and took luncheon with Mrs. Aldrich, the poet's widow, at the Rockingham hotel.

ONE WIFE GETS DIVORCE.

Mrs. Louisiana Hobbs Douglass Given Freedom from Bogus Lord.

Norfolk, Va., July 1.—Louisiana Hobbs Douglass, one of the numerous wives of the alleged bogus "Lord" Oswald Reginald Douglass, was by Judge White in the circuit court of Norfolk county Tuesday granted an absolute divorce from "Lord" Douglass on the ground of desertion for more than three years. Douglass married Miss Hobbs at Lambers Point here, representing himself to be possessed of large estates in England. He took her to California and there deserted her with an infant, the custody of which the wife secured. "Lord" Douglass was alleged to have married a number of girls in different parts of the United States.

WILL HAVE JAP SCHOOLS.

Oriental in Seattle Decide to Change Instructors.

Seattle, Wash., July 1.—Seattle Japanese have decided to withdraw their children from the public schools because, as was alleged at a meeting of the Japanese Association of the State of Washington, held Monday night, the education given is not satisfactory to them. Japanese schools and Japanese instructors will be substituted for American schools and American instructors and the Japanese interested say diplomatically that this is due to a desire to avoid a possible repetition of the San Francisco trouble. This action was taken, it was declared, at the suggestion of Japanese Consul Tanaka.

Killed Deputy Sheriff.

Chester, Pa., July 1.—During a quarrel at Trainer, near here, David Murphy, Jr., Tuesday shot and killed Deputy Sheriff Darvin Spence. The shooting attracted a large crowd, members of which took sides in the fight and a reserve force of deputies was called on to restore order. Murphy was arrested.

One Killed in Collision.

Lima, O., July 1.—Timekeeper Chas. Heidley was killed, two other men were probably fatally injured and two badly hurt Tuesday night when a construction train on the new Lima-Toledo line of the Ohio Electric Co. was run into by a "dummy" engine between Deshler and Helmora.

Dress Trimmings Half Price

We offer unrestricted choice of our entire stock of Silk Braids and Dress Trimmings at ONE-HALF their regular price

Down Go Clothing Prices

We, nor none of our patrons expect to see such low prices quoted on our standard stocks of clothing for men and boys. "Clearance" necessitates heroic measures. The greater the stocks the greater the reductions and the better the choice and bigger the savings. Certainly these offerings will prove unusually attractive.

Our H. S. & M. and Hand-Tailored Suits are all included and that means the finest woolens and best tailoring that can be had.

CATCH LAKE PIRATE.

HELD UP PLEASURE BOATS AND ROBBED FREIGHTERS.

Chicago, June 30.—After a thrilling chase, a United States revenue cutter has captured at Frankfort, Mich., the leader of a gang of lake pirates who, since May 11, have been cruising the lakes, holding up pleasure boats and stealing cargoes from various lake vessels, Samuel Seevey, the man arrested, was brought here Monday.

He will be tried in the federal court on charge of "revolt and seizing command of a boat on the high seas." The penalty is 10 years' imprisonment and \$10,000 fine.

Schooner Was Seized.

The boat seized was the Nellie Johnson, a small schooner. It was seized by its crew of three men at Montag, Mich., on May 11, while Capt. McCormack was ashore. As soon as McCormack left the vessel three sailors took it away. Federal authorities here were notified and a revenue cutter in charge of Deputy United States Marshal Currier started in pursuit.

The pirate was heard from at various points, when it would make a quick dash into port, seize a cargo of lumber or other marketable goods and as suddenly disappear.

A number of pleasure boats also complained of being held up in mid-lake by the boat, which would send them on their way after taking large supplies of provisions.

The craft finally was found at Frankfort, in a sinking condition. She was loaded with lumber and the three men were still aboard. Two of them escaped before the cutter arrived.

STRIKE BREAKERS BARRED.

All Coal Diggers in Illinois Must Hold State Certificates.

Springfield, Ill., June 30.—Coal mine operators will be unable to break strikes in Illinois after July 1, when the new law goes into effect requiring every coal digger to pass a state examination and obtain a certificate. Mining will cease in this state Tuesday to permit the men to take the examination.

The examinations are to be given by county boards appointed by the circuit judges. The county boards consist of practical miners, and all belong to the union. They have power to prescribe the examination. In case of strike operators may not import miners until they have passed an examination which, being given by union men, would not make much headway toward filling the mines with men.

TURKEY'S GUNS FOR FRONTIER.

Fifty Started to Stop the "Land Grab" by the Russians.

Constantinople, June 30.—Turkey is mobilizing her forces on the Russo-Turkish frontier, determined to resist to the last the threatened "land grab" by Russia on Persia. Fifty heavy guns were started Sunday for the frontier and orders were issued for strengthening the fortifications.

Stories of Russia's desire for a permanent foothold in Persia, coupled with the Anglo-Russian agreement regarding the control of Macedonia and Russia's threat of intervention unless the barbarous operations of the Kurds are ended have thoroughly aroused the Shah and the Cabinet is afraid that, with characteristic impulsiveness, he may order the initiative and precipitate a conflict.

CUMMINS RECOMMENDS AID.

Citizens of Northeastern Iowa Suffering from Flood and Storm.

Des Moines, Ia., June 30.—Gov. A. B. Cummins Monday issued a proclamation, calling the attention of the people of Iowa to the worthiness of aid by citizens of Northeast Iowa for the flood and storm sufferers. The proclamation is in answer to a strong petition forwarded to the governor Sunday from the citizens of McGregor and vicinity. The town was last week practically wiped out of existence by a heavy storm, which wrecked buildings, destroyed property, killed citizens and now the town is facing danger of disease and pestilence because of the unsanitary condition in which the town is left after its disaster.

Aeroplane Junebug Sails.

Hammondsport, N. Y., June 26.—The aeroplane Junebug made a successful flight Thursday, going 2,175 feet in 41 seconds. This is twice the distance heretofore made by the machine. It was kept about 45 feet above the ground. A heavy wind blew during the trial, the airship going with the wind. The descent was made without accident.

Furloughed Men Discharged.

Washington, June 26.—Three hundred and fifty of the thousand or more men furloughed three months ago from the Washington navy yard received notice Wednesday of their discharge, to take effect July 1. Their names will be stricken from the rolls after the first of next month.

Nebraska Solon Kills Self.

Humboldt, Neb., June 26.—Albert E. Stalder, a leading farmer and a representative from Richardson county in the legislature, committed suicide by drinking carbolic acid at his home Thursday. Ill-health and losses from flooded farm lands are supposed to have prompted the act.

DELAY

McLEOD

Kentucky

Love's Flame Still Bright.
A septuagenarian inmate of Chelmsford, Essex (England), workhouse has proposed to a fellow inmate nine years her junior, and the pair are leaving the institution to get married.

Less Than One Bottle Did It.
A sufferer writes: "Can certainly say that Hughes' Tonic is the best chill remedy I ever heard of. Used only part of a bottle, and used no quinine, and it cured me." Sold by druggists—50c and \$1.00 bottles.

Prepared by
ROBINSON-PETTER CO.,
Incorporated, Louisville.

Deeds That Help.
What we do worth doing in the world only helps ourselves, because nothing is worth doing that does not help others.—William Allen White.

The First Requisite of Beauty.
The first requisite of beauty is a clear complexion. Orino Laxative Fruit Syrup clears a sallow blotched complexion as it stimulates the liver and bowels, and the eyes become bright and clear. You owe it to your friends to take it if your complexion is bad. Orino Laxative Fruit Syrup does not nauseate or gripe and is very pleasant to take. Refuse substitutes. Jno. X. Taylor.

Keeps Him Musty.
"Heaven help us," says a Georgia philosopher. "We're getting rid of the world, the flesh and the devil, and it's the devil that keeps us musty for high water!"

Failed.
All efforts have failed to find a better remedy for coughs, colds and lung troubles than Foley's Honey and Tar. It stops the cough, heals the lungs and prevents serious results from a cold. J. N. Patterson, Nashua, Iowa, writes: "Last winter I had a bad cold on my lungs and tried at least half a dozen advertised cough medicines and had treatment from two physicians without getting any benefit. A friend recommended Foley's Honey and Tar and two-thirds of a bottle cured me. I consider it the greatest cough and lung medicine in the world. Jno. X. Taylor.

Lack of Co-operation.
"I wish," said the revivalist, "Brother Grimshaw wasn't quite so strong on doctrinal points. As fast as I bring people into the church he tries to put them out of it for heresy."

Notice to Our Customers.
We are pleased to announce that Foley's Honey and Tar for coughs, colds and lung troubles is not affected by the National Pure Food and Drug Law as it contains no opiates or other harmful drugs, and we recommend it as a safe remedy for children and adults. Jno. X. Taylor.

From Pauperism to Riches.
Bernard Kotch, 66 years old, and partly blind, left the almshouse at Viola, N. Y., where he has been four years, with a fortune of \$88,000. The legacy was left him by a friend in Philadelphia, and lawyers searched for him for some time before they found him.

Doctors Could Not Help Her.
"I had kidney trouble for years," writes Mrs. Raymond Conner, of Shelton, Wash., "and the doctors could not help me. I tried Foley's Kidney Cure, and the very first dose gave me relief and I am now cured. I cannot say too much of Foley's Kidney Cure." It makes the diseased kidneys sound so they will eliminate the poisons from the blood. Unless they do this, good health is impossible.

The Ideal and the Real.
Every time you hear a man poetize about his soul's ideal you can make a safe bet that he will marry a reality with freckles and No. 6s.

Your Liver.
is out of order. You go to bed in a bad humor and get up with a bad taste in your mouth. You want something to stimulate your liver. Just try Herbine, the liver regulator. A positive cure for Constipation, Dyspepsia and all liver complaints. Mrs. F. E. Worth, Texas, writes: "Have used Herbine in my family for years. Words can't express what I think about it. Everybody in my household is happy and well, and we owe it to Herbine. Sold by St. Bernard Drug Store.

Between Two Blunders.
Politics is a field where action is one long second best, and where the choice constantly lies between two blunders.—John Morley.

The Remedy That Does.
"Dr. King's New Discovery is the remedy that does the healing others promise but fail to perform," says Mrs. E. R. Pierson, of Auburn Centre, Pa. "It is curing me of throat and lung trouble of long standing, that other treatments relieved only temporarily. New Discovery is doing me so much good that I feel confident its continued use for a reasonable length of time will restore me to perfect health." This will restore me to perfect health. "This renowned cough and cold remedy and throat and lung healer is sold at all leading drug stores. 50c. and \$1.00. Trial bottle free.

Shoot Fish with Arrows.
Many of the natives of the islands of the South Seas are experts at shooting fish with a bow and arrow. The art is a difficult one, for the reflection of the water has to be allowed for.

Take Care of the Eyes.
Eye strain is certainly a factor in producing disease of every part of the eye. Old age is the time of retribution for those who have sinned against their eyes.—Health.

Get my "Book No. 4 for Women." It will give weak women many valuable suggestions of relief—and with strictly confidential medical advice is entirely free. Simply write Dr. Shoop, Racine, Wis. The book No. 4 tells about Dr. Shoop's Night Cure and how these soothing, healing, antiseptic suppositories can be successfully applied to correct these weaknesses. Write for the book. The Night Cure is sold by St. Bernard Mining Co., Incorporated, drug department.

Triumph or Yarn.
A certain line of exercises is recommended to make children stronger than their parents. This looks like a blow at the woodshed ceremony.

The Smile.
that won't come off, appears on baby's face after one bottle of White's Cream Vermifuge, the great worm medicine. Why not keep that smile on baby's face. If you keep this medicine on hand, you will never see anything else but smiles on his face. Mrs. S. Blackwell, Okla., writes: "My baby was peevish and fretful. Would not eat and I feared he would die. I used a bottle of White's Cream Vermifuge and he has not had a sick day since. Sold by St. Bernard Drug Store.

Some People.
Some people would never get mentioned at all if they were not talked about behind their backs.

Pain will depart in exactly 20 minutes if one of Dr. Shoop's Pink Pain tablets is taken. Pain anywhere. Remember! Pain always means congestion, blood pressure—nothing else. Headache is blood pressure; toothache is blood pressure on the sensitive nerve. Dr. Shoop's headache Tablets—Also called Pink Tablets—quickly and safely coax this blood pressure away from pain centers. Painful periods with women get instant relief. 20 tablets 25c. Sold by St. Bernard Mining Co., Incorporated, drug department.

The One Supreme Evil.
There is no evil that we cannot either face or fly from but the consciousness of duty disregarded.—Daniel Webster.

All The World.
knows that Ballard's Snow Liniment has no superior for Rheumatism. Stiff joints, cuts, sprains, lumbago and all pains. Buy it, try it and you will always use it. Any body who has used Ballard's Snow Liniment is a living proof of what it does. All we ask of you is to get a trial bottle. Price 25c, 50c and \$1.00. Sold by St. Bernard Drug Store.

True Wisdom.
Wisdom is habited in the plainest garb, and she walks modestly, unheeded of the gaping and wondering crowd. Her secrets are revealed to the careful, the patient and the humble.—Bishop Spalding.

Cures Chills and Fever.
G. W. Wirt, Nacogdoches, Texas, says: "His daughter had chills and fever for three years; he could not find anything that would help her till he used Herbine. His wife will not keep house without it, and cannot say too much for it." 50c. Sold by St. Bernard Drug Store.

Daily Thought.
Nor love thy life, nor hate; but what thou livest live well; how long or short permit to Heaven.—Milton.

Headache Every Month
You may think, because you have long had it, that you must have a headache every month, being a woman.
But if you think so, you are wrong, since a headache is a sign of disease of your womanly organs, that thousands of other women have been able to relieve or cure, by the use of that wonderful, woman's medicine,

Between Two Blunders.
Politics is a field where action is one long second best, and where the choice constantly lies between two blunders.—John Morley.

The Remedy That Does.
"Dr. King's New Discovery is the remedy that does the healing others promise but fail to perform," says Mrs. E. R. Pierson, of Auburn Centre, Pa. 3 CLUBWOMEN INJURED

WERE DRIVING IN NEWPORT WHEN COACH COLLAPSED, PINNING THEM DOWN.

TWO THOUSAND ON OUTING
Delegate from Coon Rapids, Ia., Taken Ill on Steamer, Died After She Was Taken to the Hospital.

Newport, R. I., June 27.—The 2,000 clubwomen, who came here from Boston Friday for an outing, went back greatly saddened as a result of an accident which caused serious injuries to three of their number. Many of the visitors, who were delegates to the biennial session of the general Federation of Women's Clubs in Boston, had been enjoying carriage drives about the city and it was the occupants of a trolley coach bound for Easton's Beach who met disaster. When the coach had reached the middle of a steep hill in Bath road one of its forward axles suddenly broke and almost instantly the vehicle collapsed. Nearly all of the women were caught beneath the coach, which turned completely over. Private automobiles carried the injured to the Newport hospital.

Three Not Able to Leave.
Most of those taken to the hospital were able to leave the institution after they had been treated for bruises and other minor injuries and Friday night only three remained. These are: Mrs. Henry Wynn, Malden, Mass., suffering from a fracture of the skull. Mrs. Burnett F. Davenport, East Watertown, Mass., collarbone and three ribs fractured. Mrs. Sundean, Lincoln, Neb., ankle dislocated and suffering also from bruises and cuts about the head.

The condition of Mrs. Wynn is regarded as very critical. It was thought that, although badly injured, Mrs. Davenport and Mrs. Sundean will recover.

Iowa Clubwoman Dies at Newport.
Newport, R. I., June 27.—Mrs. Sarah Shute of Coon Rapids, Ia., who came east as a delegate to the general Federation of Women's Clubs in Boston, died Friday night of heart failure at the Newport hospital. Mrs. Shute joined the excursion of delegates to Newport Friday, coming from Boston by way of Providence and thence by steamer to this city. On the steamer she was taken ill and when the boat reached here she was removed to the hospital. She was 55 years old.

British Cabinet Break Reported.
London, June 26.—There was a rumor in the lobby of the house of commons Wednesday night that the resignations of Lord Tweedmouth, president of the council, and Lord Loreburn, lord high chancellor, were imminent, and that Mr. Haldane, secretary for war, and Winston Spencer Churchill, president of the board of trade, would be appointed lord chancellor and secretary for war, respectively.

Folk Issues Proclamation.
Jefferson City, Mo., June 26.—Gov. Folk Thursday issued a proclamation, directing that all flags on the capitol and other public buildings be displayed at halfmast because of the death of former President Cleveland, and that all state offices be closed during the funeral Friday.

Deneen Orders Flags at Halfmast.
Springfield, Ill., June 26.—By order of Gov. Deneen, flags on the state house, departmental buildings and public institutions of Illinois will be displayed at halfmast for the period of 30 days, out of respect to the memory of Grover Cleveland.

Texas Kills Wife and Self.
Dallas, Tex., June 29.—Will F. Heineman shot and killed his wife and himself at Marshall. Heineman came of a good family of Longview, Tex., and bore a good reputation.

Twelve Hanged at Teheran.
St. Petersburg, June 30.—A dispatch from Teheran says that 12 members of the national council, condemned by court-martial, have been hanged.

BASEBALL

AMERICAN LEAGUE.
Philadelphia, 4; Washington, 0.
Philadelphia defeated the Senators here Monday by hitting Johnson hard, while the visitors were unable to solve lockers' curves.
The score: R.H.E.
Washington 0 0 0 0 0 0 0 0 0 0 0 0 0 0 0 0
Philadelphia 1 0 0 0 2 0 0 1 5 4 11 0
Batteries—Washington, Johnson, Falkenberg and Street; Philadelphia, Vickers and Powers. Two-base hits—Altizer, Hartzel, Davis, Murphy, J. Collins. Double plays—Street and McBride; Oldring, J. Collins, Vickers and Powers.

NATIONAL LEAGUE.
Brooklyn, 11; New York, 7.
Brooklyn won from New York, The Giants knocked McIntyre out of the box in the first inning, but Brooklyn batted so hard in the fifth inning that McGinnity replaced Crandall.
The score: R.H.E.
New York 3 0 0 0 1 0 0 0 3 7 10 1
Brooklyn 1 0 0 1 7 0 0 1 11 14 3
Batteries—New York, Crandall, McGinnity, Malarky and Bresnahan; Brooklyn, McIntyre, Holmes and Bergen. Two-base hit—Donlin. Three-base hits—Devlin, Maloney, Hummel, Lumley. Home run—Lumley.

Transport Mails by Wagon.
St. Paul, Minn., June 30.—A message by telephone late Monday afternoon conveyed the information that a serious washout had occurred on the Chicago, Milwaukee & St. Paul at Wabasha, Minn. The washout was caused by the flooded condition of the Mississippi and Zumbro rivers. It was said that no trains could be run on the Wabasha division for ten days. Mails are being transported by wagon from Wabasha to Zumbrota.

Fingers at \$300 Per.
Columbus, O., June 30.—Four Columbus men have offered a finger each for \$300 to A. C. Ballou of Wheeling, W. Va., who lost his digits in an ice cream freezer recently. He is in the hospital at East Liverpool, O., and his brother, Joseph Ballou, made the offer of \$300 a finger on the suggestion of the surgeons. The men who have offered to have their fingers cut off are Robert E. Robbins, W. E. Thompson, O. E. Mansperger and a man signing himself "D" of Edward street.

The Gilbert Memorial Sanitarium

Evansville, Indiana

Trained Nurses in Attendance. No Wards—all Private Rooms. Unexcelled Cuisine. Perfect Ventilation. Pleasant Environments. Resident Physicians. Charges Moderate.

This scientifically equipped and thoroughly modern sanitarium offers better facilities for the treatment and cure of chronic and surgical diseases than can be found in any home. Descriptive booklet and detailed information furnished upon application.

USE ST. BERNARD COAL.

Mined in Hopkins County, Kentucky, the largest coal producing county in the State. This Company operates

Eight Large Mines.

and produces about one-sixth of all the coal mined in all Kentucky.

Best Coal for Steam and Domestic Purposes.

St. Bernard No. 9 Coal has come to be recognized, through years of satisfactory use, as the standard grade both for steam and domestic purposes, in the large territory reached by our products. Another point in favor of our coal is the fact that we have established an unimpeachable record for

Prompt Service the Year Around.

Our mines are operated more days in the year than any mines in Kentucky and with an enormous output & command we are able to give the promptest and most satisfactory service.

St. Bernard Coke

is also a superior fuel and is extensively used in base burners and heating furnaces for residences or any other building that needs to be heated, and takes the place perfectly of high priced anthracite coal. This coke is extensively used in manufacturing and is furnished in various grades.

If your dealer does not handle our coal and coke write to us

Locomotive Blasts

Will Open Shops On Full Time.

Chicago, June 27.—Officials of the Illinois Central railroad have issued a notice that beginning July 1 the shops of the system at Burnside, Ill.; Waterloo, Ia.; Memphis, Tenn., and Water Valley and Vicksburg, Miss., will be restored to full time. Since November these shops have been running on from one-half to two-thirds time and the new order means that more than 5,000 additional men will be put to work next month.

This will bring the total number of employees in the shops of the Illinois Central to close to 10,000 and will entail additional monthly expenditures of \$250,000 or more.

Old Wages Restored.

Mobile, Ala., June 27.—Vice President E. L. Russell, of the Mobile and Ohio Railroad Company, has issued official orders that all salaries of officers and employees, except those of the president and vice president, of the company are restored to the amounts drawn prior to March 1 last, and that no reduction of wages will be made by the company among the workmen.

Restores Salaries of Office Men to Old Figures.

Atlantic, Ga., June 27.—Official announcement has been received in this city by J. S. B. Thompson, assistant to the president of the Southern railway that the salaries of office men, which were reduced 10 per cent some time ago, will be restored to the old figures. This announcement was accompanied by one that no reduction in the wages of other employees would be made, though the latter fact became known through press dispatches sometime ago.

Conductor T. C. Hart spent Monday in Slaughter'sville fishing.

Flagman Ward Stodgill, of the Interurban is taking his vacation this week. J. E. Ray is on the run filling his place.

Conductor Fred Ashby is on the Interurban in the absence of Conductor Cunningham.

Conductor Ed Cunningham, of the Interurban, has bought an interest in the Madisonville Ice and Laundry Co., and has procured a ninety days leave of absence from the road to look after the interest of same.

CONDENSED STATE NEWS ITEMS.

Warden Mugg, of the Frankfort penitentiary, has issued an order forbidding the use of daily papers. He finds that too much knowledge of worldly affairs interferes with the discipline in the prison. Weekly papers and magazines will be allowed in the prison as heretofore.

The judges of the lower courts are of the opinion that insurance companies should pay for losses sustained by fires caused by night rippers. Their opinions will have to be passed upon by the Court of Appeals.

Henry Miller, aged one hundred and four years, grew tired of life at Harrodsburg, in Mercer county and committed suicide Friday by taking Paris green. He was one of the oldest men in Kentucky.

Marriage Failures.

The real reason why so many marriages are unsuccessful is that so few husbands marry the right wives and vice versa. They marry for propinquity, for money, for position, for some evanescent emotion which they mistake for "in grande passion," for anything, in fact, but for love in its real sense. The C. H. Newman.

Poultry Raising Pays.

Now is the time of year to feed your fowls a good tonic. R4 11-44 cures Cholera, Roup, Gaps and Limberneck. When fed as a preventive it not only keeps them healthy but makes them lay. Give each sick fowl 3 or 4 drops 3 times a day. As a preventive feed it in the feed 3 or 4 times a week. Turkeys require a smaller dose. Price 50 cents, no cure, no pay. Guaranteed by St. Bernard Mining Co., Incorporated.

\$150 For Best Article.

The Republican Congressional Committee offers \$150 for the best article not exceeding 1,000 words on the subject:

Why The Republicans Should Be Successful Next November.

The competition is open to all. In judging the merits of contributions consideration will be given not only to style, arguments and facts presented, but to the convincing power, and it should be borne in mind that Members of Congress are to be elected as well as President and Vice President.

No manuscripts will be returned, but will be property of the Committee.

The best article will be widely used both in the newspapers of the country and in pamphlet form.

The award will be made and check sent to successful contestant about August 15th. Manuscript must be mailed not later than July 15th to Literary Bureau, Republican Congressional Committee, Metropolitan Bank Building, Washington, D. C.

Our New Hair Vigor

Ayer's Hair Vigor was good, the best that was made. But Ayer's Hair Vigor, new improved formula, is better. It is the one great specific for falling hair. A new preparation in every way. New bottle. New contents. Ask your druggist to show it to you, "the new kind." Does not change the color of the hair.

Formula with each bottle. Show it to your doctor. Ask him about it, then do as he says.

As we now make our new Hair Vigor it does not have the slightest effect upon the color of the hair. You may use it freely and for any length of time without fear of changing the color. Stops falling hair. Cures dandruff.

Made by the J. C. Ayer Co., Lowell, Mass.

It May Be Dangerous.

Many a man has suffered a bad fall on account of a slip of the tongue.

"The Blood is The Life."

Science has never gone beyond the above simple statement of scripture. But it has illuminated that statement and given it a meaning ever broadening with the increasing breadth of knowledge. When the blood is "bad" or impure it is not alone the body which suffers through disease. The brain is also clouded, the mind and judgement are affected, and many an evil deed or impure thought may be directly traced to the impurity of the blood. Foul, impure blood can be made pure by the use of Dr. Pierce's Golden Medical Discovery. It enriches and purifies the blood thereby curing, pimples, blotches, eruptions and other cutaneous affections, as eczema, tetter, or salt-rheum, hives and other manifestations of impure blood.

In the cure of scrofulous swellings, enlarged glands, open eating ulcers, or old sores, the "Golden Medical Discovery" has performed the most marvelous cures. In cases of old sores, or open eating ulcers, it is well to apply to the open sores Dr. Pierce's All-Healing Salve, which possesses wonderful healing potency when used as an application to the sores in conjunction with the use of "Golden Medical Discovery" as a blood cleansing constitutional treatment. If your druggist don't happen to have the "All-Healing Salve" in stock, you can easily procure it by inclosing fifty-four cents in postage stamps to Dr. E. V. Pierce, 693 Main St., Buffalo, N. Y., and it will come to you by return post. Most druggists keep it as well as the "Golden Medical Discovery."

You can't afford to accept any medicine of unknown composition as a substitute for "Golden Medical Discovery," which is a medicine of known composition, having a complete list of ingredients in plain English on its bottle-wrapper, the same being attested as correct under oath. Dr. Pierce's Pleasant Pellets regulate and invigorate stomach, liver

COLORED COLUMN

MR. S. R. DRIVER, EDITOR

Rev. J. R. Evans the newly elected pastor of Mt. Zion Baptist Church preached his first regular sermon Sunday morning.

Rev. Bronaugh preached a powerful sermon on temperance at the C. M. E. church. Many were much affected with his vivid word picturing of this most soul destroying evil.

The cantata "Fairy Land" at the A. M. E. Z. church Sunday (Children's Day) under the direction of Mrs. E. B. Osborn et al was a decided success the parts were well acted and reflected much credit to all concerned a liberal collection was raised.

Rev. J. R. Evans has moved in and occupies part of the John Conard house on McEuen Avenue.

The approaching annual picnic of the C. M. E. Church in Alexander Park promises to be the right thing a social gathering of this sort is certainly more patriotic and civilized than risking eyes, limbs and property with explosives and cheap oratory.

Charles Bradley is still very sick.

Jesse Wyun is improving, but not able to go to work.

Mrs. Walker Stoner is visiting friends and relatives in Christian county.

King Solomon Club No. 2. will meet at S. R. Driver's house July 5 at 2. p. m.

The Life He Liveth.

Though thou be destined to live 3,000 years and as many myriads besides, yet remember that no man loseth other life than that which he liveth, nor liveth other than that which he loseth.—Marcus Aurelius Antoninus.

Choice of Two Evils.

"What would you do," asked the excited politician, "if a paper should call you a liar and a thief?" "Well," said the lawyer, "if I were you I'd toss up to see whether I'd reform or thrash the editor."—Pick Me-Up.

Diamonds.

Why are diamonds expensive, being merely dust and ashes? Because women love them. And why do women love them? Because they are expensive and useless.—London Chronicle.

Bashful.

"I hate to retire in public," said the chauffeur as he put on a quick detachable.—Harvard Lampoon.

Uncompleted Works of Genius.

Amongst famous poems that were never completed, mention may be made of Byron's "Don Juan," Keat's "Hyperion," Coleridge's "Christabel," and Gray's "Agrippina." Spenser's "Faerie Queene," too, is no more than a fragment, although a colossal one.

Successful Men Not Fussy.

Peace and happiness cannot exist in the vicinity of an individual who has a mania for setting everybody right. He is generally unfitted for office, being one of the exasperating people who are continually saying what they would do while really doing nothing at all. It is usually the sluggard or idler, who stands about and watches others work, who can suggest a dozen ways in which they can do better.

Depths of North Atlantic.

The greatest depth determined by the Challenger soundings which was that of a limited depression about a hundred miles to the north of St. Thomas, was 3,875 fathoms, or about 4½ miles. Except in the neighborhood of its coast lines, and in certain shoal areas, the floor of the Atlantic basin at its widest point seems to lie at a depth of from 2,000 to 3,000 fathoms, its slopes being extremely gradual.—New York American.

To Thine Own Self Be True.

Do you desire to be a power in the world? Then be yourself. Be true to the highest within your own soul, and allow yourself to be governed by no customs or conventionalities or 'es that are not founded upon principle.—Trine.

Great Men Unhappily Mated.

It is an unfortunate truth that in many cases the wives of great men have little or no sympathy with their husband's genius. Haydn's wife was a notable example, for she was a bad-tempered, extravagant woman, and her husband used to say she did not care whether he was a musician or a shoemaker!

Makes Collieries Safer.

A new safeguard for collieries is offered by the discovery of Profs. Elster and Geitel that firedamp contains six or seven times as much radium emanation as the ordinary air of coal mines. An aluminum foil electroscope quickly shows the difference of electrical conductivity due to the emanation, and this simple apparatus becomes an effective and important means of detecting danger.

Accounting for Plain Women.

All women are beautiful. The plain ones just haven't discovered the possibility of becoming pretty.—Exchange.

The Bee Printery for Neat Job Work

A MAN WHO MISSED MUCH.

Made Millions But Paid a Big Price For HIS Wealth.

"A man," says a newspaper story, "made millions in his 90 years of life by never doing the usual thing." These were some of the things he never did: He never traveled. He never joined anything. He never paid for a ticket of admission. He never ate in a hotel or restaurant. His total expenditure for carfare was less than one dollar. For 40 years he had not voted. He wouldn't smoke, not because it was harmful, but because it cost him 12 cents a week. And when he died he had amassed \$1,500,000.

Poor, lonesome old man! The world was no better off for this man. He took all it would give, but he gave nothing in return, either of money or sympathy or life.

So, when he died, they told about him in the newspapers, and now others will spend the money that he gave up everything to gather. There can't be many who care whether he is gone or not. Probably he had a few who loved him, because the most unlovable of us are nearly always loved by somebody. But there isn't any street full of friends who feel that something has gone out of their lives. He hasn't left an empty place, for he never cared about other people or other things, or to see and know and understand and feel, and to put out his hand and get hold of the hand of the throbbing, living world around him.

People say: "That's a queer story!" It's more than a queer story. It is a real tragedy, because it is the story of a man who died before he had ever begun to live.—Milwaukee Journal.

STRAIN TOO GREAT.

Hundreds of Earlington Readers Find Daily Toil a Burden.

The hustle and worry of business men, The hard work and stooping of workmen,

The woman's household cares, Are too great a strain on the kidneys.

Bachache, headache, sideache, Kidney troubles, urinary troubles follow.

An Earlington them all. John Franklin, living in Earlington, Ky., says: "For three years my kidneys were in a disordered condition. When I stooped or lifted anything sharp twinges would dart through my loins, and there was generally a pain in the small of my back. I became tired very easily, frequently suffered from headaches, and was also bothered with dizzy spells. I was caused additional annoyance on account of the too frequent action of my kidneys it being necessary for me to arise several times during the night on this account. I finally procured Doan's Kidney Pills, used them according to directions and received relief. I continued using the remedy until completely cured and cannot recommend it too highly."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

TO NAME COMMITTEE.

Republican State Central Body Is Called To Meet in Louisville.

Mt. Sterling, Ky., June 29.—State Chairman Winn, of this city, has called a meeting of the Republican State Central Committee to be held in Louisville Wednesday, July 8. The committee will select a campaign committee to conduct the State fight and make preliminary arrangements to begin work. It is not known who will compose the committee, but it is believed a Louisville man will head it, and a strong fight will be made

CLEAR THE COMPLEXION OVER NIGHT

Eczema, Pimples, Rashes, Blisters, Eruptions, Etc., Quickly Eradicated by New Skin Remedy.

Since the discovery of "A. J. M." PRESCRIPTION, the new skin remedy, it has, in its extraordinary accomplishments, exceeded the most sanguine expectations of the dispensers who gave it to the world. It has cured thousands of cases of eczema and eradicated facial and other disfigurements of years' standing. The terrible itching attending eczema is stopped with the first application, giving proof of its curative powers at the very outset.

In less serious skin affections, such as Rashes, Blisters, Pimples, Blackheads, Barber Itch, Red Nose, Poison Oak, Poison Ivy, Oozed Feet, results show after a few applications, only a small quantity being required to effect a cure. A muddy, greasy or sallow complexion is noticeable after a single application. Those who use "A. J. M." PRESCRIPTION for these skin troubles can get it in 50 cts. \$1 bottles, (the one-dollar size holds three times the amount of the fifty cent size) at all leading drug stores. Write The A. J. Martin Medicine Co., Toledo, Ohio, for free testimonials.

The United States government will spend \$600,000 for its buildings and exhibits at the Alaska-Yukon-Pacific exposition. A main government building and structures for Alaska, Hawaii, the Philippines and the fisheries industry will be erected.

Deafness Cannot be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a running sound or imperfect hearing, when it is entirely closed. Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free. F. J. Cheney & Co., Toledo, O. Sold by all Druggists, 75c. Take Hall's Family Pills for constipation.

The official flower of the Alaska-Yukon-Pacific exposition has been definitely selected. It is the Cactus Dahlia, a flower which grows profusely around Puget Sound.

"Health Coffee" is really the closest Coffee Imitation ever yet produced. This clever Coffee Substitute was recently produced by Dr. Shoop, of Racine, Wis. Not a grain of real Coffee in it either. Dr. Shoop's Health Coffee is made from pure toasted grains, with malt, nuts, etc. really it would fool an expert—who might drink it for Coffee. No 20 or 30 minutes tedious boilings. "Made in a minute" says the doctor. Sold by J. F. DeVlyder.

First Gummed Postage Stamp. The first gummed postage stamp was issued about 1840.

Home Monday.

DESCENDANTS.

Of Signers to Hold Reunion in Independence Hall.

Independence day on Saturday will be celebrated not only throughout the United States but in the American embassies and American colonies throughout the world. In Paris Paul Bartlett's statue of La Fayette, the gift of American school children to France, will be unveiled on the Place Du Louvre. Descendants of the signers of Independence will hold their first annual congress in Philadelphia on Friday and Saturday. The meetings will be held in the room in which the declaration was signed.

It Can't Be Beat.

The best of all teachers is experience. C. M. Harden, of Silver City, North Carolina, says: "I find Electric Bitters does all that's claimed for it. For stomach, liver and kidney troubles it can't be beat. I have tried it and find it a most excellent medicine." Mr. Harden is right; it's the best of all medicines also for weakness, lame back, and all run down conditions. Best too for chills and malaria. Sold under guarantee at all leading drug stores. 50c.

ORPHAN BRIGADE REUNION DURING NEXT STATE FAIR.

Probably Won't be Held at Pewee Valley as Had Been Planned Earlier in Season.

A reunion of the Orphan Brigade is being planned to take place in September, and to be held in Louisville during the State Fair, instead of Pewee Valley, as was first contemplated. It has been customary to hold the reunions annually on the anniversary of the battle of Chickamauga, September 19 and 20. Of the 300 surviving members, thirty are residents of Louisville. The Orphan Brigade was recruited from ninety-six counties of Kentucky. The arranging for the reunion is in the hands of the local committee on time and place of which Maj. John H. Leathers is chairman.

Heat prostrates the nerves. In the summer one needs a tonic to offset the customary hot weather Nerve and Strength depression. You will feel better with 48 hours after beginning to take such a remedy as Dr. Shoop's Restorative. Its prompt action is restoring the weakened nerves is surprising. Of course you won't get entirely strong in a few days, but each day you can actually feel the improvement. That tired, lifeless, spiritless, feeling will quickly depart when using the Restorative. Dr. Shoop's Restorative will sharpen a failing appetite; it aids digestion; it will strengthen the weakened Kidneys and Heart by simply rebuilding the worn-out nerves that these organs depend upon. Test it a few days and be convinced. Sold by St. Bernard Mining Co., incorporative, drug department.

Airship races will be one of the many attractions at the Alaska-Yukon-Pacific exposition. The New York Aero club is taking great interest in the matter.

Just Exactly Right.

"I have used Dr. King's New Life Pills for several years, and find them just exactly right," says Mr. A. A. Felton, of Harrisville, N. Y. New Life Pills relieve without the least discomfort. Best remedy for constipation, biliousness and malaria. 25c. at all the leading drug stores.

The landscaping of the grounds of the Alaska-Yukon-Pacific exposition has been begun and the site is beginning to take on the appearance it will have in 1909.

Best The World Affords.

"It gives me unbounded pleasure to recommend Bucklen's Arnica Salve," says J. W. Jenkins, of Chapel Hill, N. C. "I am convinced it's the best salve the world affords. It cured a felon on my thumb, and it never fails to heal every sore, burn or wound to which it is applied. 25c. at all leading drug stores."

The permanent fence enclosing the Alaska-Yukon-Pacific exposition is nearing completion and in a short time a small admission fee will be charged to visitors.
